Fees and Funding

   @NextStepsSW

From tuition fees to maintenance loans, knowing where to start with student finance can be confusing, so we've compiled the facts.

Maintenance Loans: Up to £7,324 if you live at home, up to £8,700 if you live away, and up to £11,002 in London.

Tuition Fee Loans: Up to £9,250 depending on your course.

Repayments: Based on what you earn not what you owe. For instance if you earn £28,000 per year you would pay just £22.50 per month. After 30 years, any remaining debt is cleared!
