ACTIVITY 4

Create your Post-16 Skills Map.

The screenshot shows the Career Pilot website interface. At the top, there is a navigation bar with 'Home', 'Adviser Zone', 'Parent Zone', a search bar, and a user profile for 'Megan Goldie'. Below this is a main menu with 'All info -', 'Jobs', 'Courses', 'Providers', 'Qualifications', and 'Stories'. A 'Select Language' dropdown is also visible. The main content area is titled 'Post 16 Skills Map' and contains a blue banner with the text: 'The Post 16 Skills Map will help you match your experiences to a set of skills valued in higher education (HE) and employment.' Below this banner are four numbered steps: 1. 'Do the quiz and find out which HE skills you are already using', 2. 'View skills bank and add more examples', 3. 'Think of the course or job you want to apply for', and 4. 'Use your skills bank to write applications and personal statements'. At the bottom of the banner, there are two buttons: 'View previous versions' and 'Create Post 16 Skills Map', with the latter being circled in red. On the right side, there is a 'CAREER TOOLS' sidebar with a list of options: 'Post 16 Skills Map', '<16 Pre 16 Skills Map', 'My Qualifications', 'My Job Sectors', 'My Providers', 'My Courses', 'My Bookmarks', 'My Next Steps', and 'My Action Points'. At the bottom of the sidebar is a button that says 'View your full report' with a sub-link for '<16 year-end report'.

ACTIVITY 5

1. Using the "Job" tab select the "Job Sector Quiz" near the bottom left of the screen. Or you can choose any of the other options.
2. Use the site to complete the table on the next page and make sure to save your options.
3. Use your skills bank to identify the skills you need to develop and how you will develop them. If you already have the skills required, add examples of how you have gained these skills to your map.
