

**Next Steps
South West**

Higher Education Fair

**Thursday 15th December
Fal Buiing, Truro and Penwith College**

Join Next Steps South West (NSSW) and over 40 local and national exhibitors to explore your higher education (HE) options.

There will be talks by HE providers covering a range of topics from how to choose the right course and what HE/career routes are available, to student finance and tips on how to apply.

HOW TO MAKE THE MOST OF YOUR DAY

Ask questions

That's why the exhibitors are here.

Think of smart questions

Ones that can be best answered by people not search engines.

Speak to lots of people

Whether you've made a plan for your future or have no idea what you would like to do, there's always more to learn. Visit a variety of stands for inspiration.

Don't just grab the best merch

Freebies are fun but today is about your future potential, not a pen!

Be polite, be openminded, be enthusiastic

It's your future after all.

Questions to ask higher education providers:

- What subjects can I study here at degree level?
- What do I need to do at sixth form/college/an apprenticeship to get on to your courses?
- What's the best thing about studying with you?
- What's your location? How far away is that from here?
- Do you have on-campus accommodation?
- What clubs, societies and sports teams could I join?
- What extra support is on offer, academically, financially and for physical and mental health?
- Do you hold activities or have anything to help students settle in when they start?

To access more impartial information and sign-posting scan the QR code to visit NSSW online.
